**To register for a class:** Call 321-453-0637, send an inquiry from on our website @ [www.qual-techinc.com](http://www.qual-techinc.com) or email directly to [contact@qual-techinc.com](mailto:contact@qual-techinc.com).

### Who Should Attend:

Anyone involved in planning, scheduling, and conducting AS9100 internal audits. Personnel leading their companies to: AS9100 certification, Aerospace Quality Management System (AQMS) Management Representatives, Quality Managers, top management, quality, engineering, production, and purchasing personnel, or anyone desiring an in-depth understanding of AS9100. This course is the IAQG Sanctioned required onsite training for an Aerospace Auditor and together with a QMS or AQMS Certificate; a student has met the Third Party Auditing requirements for Aerospace.

**Prerequisites:** Online training modules through Plexus International. Please contact them directly to sign up for the modules and then QUAL-TECH, INC. can be chosen as the training provider for the onsite class.

### Course Objective:

#### **AS 9100 4 Day Instructor-led Classroom Training/Evaluation and Examination**

The Instructor-led component of the AS9100 IAQG-Sanctioned AATT is a four day class that includes how to audit to the AS9100 series standards using the process-based approach of AS9101E. Along with the training in this instructor-led component, there is a continual evaluation of the trainees paying particular attention to his/her active participation, role play, and case study exercises. The fourth day includes Online Final Examinations (which will require a laptop computer) and an Interview.

### Agenda

#### **Day 1**

- Bridging the gap between the online modules and the classroom training
- Pre-Audit Activities
- Stage 1 Audit Activities

#### **Day 2**

- Stage 2 Auditing Planning

### **IAQG Sanctioned AATT 9100 Instructor Led Component**

- Auditing Top Management
- Auditing Process Owners
  
- Auditing Process Trails

#### **Day 3**

- Audit Conclusions
